ORDER:

The Commissioner, Panchayat Raj and Rural Development, Andhra Pradesh, Vijayawada through his notes second read above has requested the Government to provide additional funds of Rs.30.00 Crs., for installation of Solar Pump sets / Energy Efficiency Pump sets to the 30,000 successful Bore wells under NTR Jala Siri Phase-II Programme during the Financial Year 2016-2017, out of the 1,24,349 sanctioned Bore wells under NTR Jala Siri Phase–II.

2. Government after careful examination of the matter have recognized the fact that it is economical to go for solar pump sets as there will be saving against extension of lines for providing electricity connections in conventional way and also saving in the power consumed by the pump sets. Solar pumpsets are more useful to the farmer as they get water during day time itself. Government also recognized the fact that by using the solar pump sets there will be considerable saving in the long run and it is also eco-friendly.

3. Accordingly, pending assessment of the fund requirement by the Commissioner, PR & RD and re-appropriation from other sources, if required, Government hereby permit the Commissioner, Panchayat Raj & Rural Development to go ahead with energisation of the 30,000 successful Bore Wells under NTR Jala Siri Phase-II Programme with Solar Pump Sets / Energy Efficiency Pump sets.

4. The Commissioner, Panchayat Raj & Rural Development, Andhra Pradesh shall take further necessary in the matter accordingly.
